

TECHNICAL DATASHEET

PVCu Solvent Cleaner

Description & Uses

Alpha Chem PVCu Solvent Cleaner is a high strength, powerful cleaner for use on PVCu and most other plastics. The perfect way to remove heavy ingrained dirt and make PVCu look brand new again.

Ideal for use on PVCu doors, windows, conservatories, cladding and garden furniture

Directions

- Read full health & safety information before use – ensure adequate safety gloves/clothing/eye/face protection is worn.
- Pour the PVCu solvent cleaner onto tissue or clean colourfast cloth and wipe away any contamination. A second application may be required for heavily soiled surfaces or those with engrained dirt.
- Use a clean and dry cloth to buff the surface.

Storage

Store upright in cool, dry conditions, ideally between +5°C & +25°C.

Shelf Life

24 months when stored in original, unopened packaging.

Limitations

- Not suitable for use on all PVCu, including laminated plastics.
- A compatibility test is recommended on a hidden area of the surface prior to full scale application.
- As the manufacturer cannot know all the uses its products may be put to, it is the user's responsibility to determine suitability of use.
- **Read the label prior to use for health and safety information, safety data sheet available on request.**

Technical Data

State	Liquid
Colour	Colourless
Odour	Perceptible odour
Solubility in H²O	Highly soluble
Also soluble in	Acetone
Boiling Point Range	78.4-115.4°C
Autoflammability	230
Relative Density	0.774
Flammability Limits %	Lower: 3.3 Upper: 19.0
